A motion to reconsider was laid on the table.

AUTHORIZING CLERK ТО THE CORRECTIONS MAKE EN-IN GROSSMENT OF H.R. 6063, NA-TIONAL AERONAUTICS AND SPACE ADMINISTRATION AU-THORIZATION ACT OF 2008

Mr. GORDON of Tennessee. Mr. Speaker, I ask unanimous consent that in the engrossment of H.R. 6063, the Clerk be authorized to correct section numbers, punctuation, cross-references, and make such other technical and conforming changes as may be necessary to accurately reflect the actions of the House.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Tennessee?

There was no objection.

REPORT ON RESOLUTION WAIVING REQUIREMENT OF CLAUSE 6(a) OF RULE XIII WITH RESPECT TO CONSIDERATION OF CERTAIN RESOLUTIONS

Ms. SLAUGHTER, from the Committee on Rules, submitted a privileged report (Rept. No. 110–719) on the resolution (H. Res. 1281) waiving a requirement of clause 6(a) of rule XIII with respect to consideration of certain resolutions reported from the Committee on Rules, which was referred to the House Calendar and ordered to be printed.

PERSONAL EXPLANATION

Ms. JACKSON-LEE of Texas. Mr. Speaker, I would like to indicate that I was detained off the floor for the Republican motion to recommit on the NASA authorization bill, H.R. 6063. I obviously oppose enthusiastically the waiving of section 526.

Had I been present, I would have voted "no" on the motion to recommit.

GAO DECISION IN AIR FORCE TANKER CONTRACT AWARD

(Mr. DICKS asked and was given permission to address the House for 1 minute.)

Mr. DICKS. Mr. Speaker, I wanted to announce to my colleagues an important decision was reached today. Thank God for the GAO. An injustice was corrected.

The GAO came out today and held on seven different grounds that the Boeing Company's protest should be sustained. This now gives us a chance to win this competition and to keep these jobs in the United States.

I'm from the great State of Washington where the Boeing Company resides and has many workers. I think this was one of the most important decisions by the GAO. I congratulate them for the comprehensiveness, for the professionalism, and I hope that

the Air Force will read this decision and also look at the other factors, industrial base, the use of subsidies against the United States by the WTO. All of these issues that were not considered should be considered in this decision.

These are the crown jewels of American technology, these tankers, and they should be built in the United States by an American company.

KEEP MANUFACTURING JOBS IN THE UNITED STATES

(Mr. MORAN of Kansas asked and was given permission to address the House for 1 minute.)

Mr. MORAN of Kansas. Mr. Speaker, as my colleague from Washington indicated, the Government Accountability Office this afternoon confirmed what many of us thought to be true—the Air Force's process in selecting a contractor to build a new air refueling tanker was badly flawed. The GAO upheld Boeing's protest, concluding that the Air Force "made a number of significant errors." The GAO recommends this contract be re-bid.

This contract was awarded several months ago, and every conversation I have had with Air Force officials raised more questions than were answered. I agree with this independent finding. The Air Force should follow the GAO's recommendation and reopen the bidding.

Awarding this contract to Boeing would create thousands of American jobs. But the bigger question is should we even allow a foreign-subsidized company to bid for U.S. military work? While the GAO rejected the Air Force's process, Congress also needs to address the broader issue of keeping manufacturing jobs in the United States.

I urge the Air Force and Congress to work to make the right choice for American jobs, American taxpayers and the American military men and women.

A GREAT VICTORY TODAY FOR THE AMERICAN WORKFORCE

(Mr. LARSON of Connecticut asked and was given permission to address the House for 1 minute.)

Mr. LARSON of Connecticut. Mr. Speaker, I rise to join my distinguished colleagues from Kansas and Washington State. I especially want to applaud the efforts of NORM DICKS and the hard work that he's done not only on the Defense appropriations subcommittee but throughout his career protecting American technology and workforce.

This was a great victory today for the American workforce. So many of our jobs here, the critical mass of highly trained, highly skilled workers that reside here in this country don't know what a great favor was done today by GAO. This is a rare occurrence that this happens.

But the case that was made by Boeing, that was carried out by Mr. DICKS
